

COVID-19 UPDATE

As a designated essential service, A-Affordable Locksmith Services will remain open during the COVID-19 health order issued by the Province of Manitoba. We are taking extra precautions to keep you and our employees healthy.

If you are experiencing a fever, cough or difficulty breathing, or if you have travelled outside of Manitoba within the last 14 days, or if you have been in contact with someone who has or may have the virus, please let us know when booking your service so we can make necessary arrangements with you to ensure the safety of yourself and our technician.

Precautions We Are Taking Include:

- Social/Physical Distancing by maintaining at least 2 meters (6 feet) between our customers and our technicians.
- Hand washing before and after each service call where possible or using hand sanitizer before and after each service call.
- Wearing disposable gloves or disinfected work gloves while working with our customer's locks and keys, or while we are handling invoicing and payment processing equipment.
- Disinfecting all surfaces in which our customers have contact including clipboards, pens, and credit card/debit processing equipment after every call.
- Disinfecting all locks and keys prior to installation or reinstallation.
- We encourage the use of contactless debit/credit cards however we will still be able to accept cash and credit/debit cards with a chip.

FOR YOUR CONVENIENCE AND SAFETY

Your locksmith service can now be paid with zero contact. In most cases our technician can email your invoice while onsite and you can conveniently pay it using your smartphone, computer or tablet by credit card or Interac e-Transfer, eliminating all physical contact with our technician, our invoicing equipment (pens, paper invoices etc) and credit/debit card processing equipment. Please let us know you would like a contactless electronic invoice in advance if you would like to take advantage of this service.
